

# **VENTURES TRAVEL, LLC**

## ***Clothing List***

**All vacationers are responsible for carrying their own luggage. Please pack clothing in a suitcase or duffle bag that the participant can help carry or roll. We recommend luggage that has rollers or wheels. Of course, we understand when someone needs assistance—we encourage as much independence as possible for every traveler.**

Due to limited space, we ask that all vacationers limit their luggage to **one** suitcase or bag. Please only bring **one** carry-on if there is something that the vacationer must have available to them at a moment's notice.

Send clothing appropriate to the time of year and season. A trip information sheet accompanies every itinerary which will contain helpful information and tips for your specific trip. When packing, please adjust this list according to the individual traveler's needs. Thank you.

If the vacationer has indicated on the Ventures Travel LLC Questionnaire a preference to utilize a sleeping bag, please bring sleeping bag.
